AMR GP Limited

Group Strategic Report
For the Year Ended 31 December 2024

Principal activities and business review

The principal activity of the Company is to operate a Formula One racing team.

The Company carries out that activity through the design, development, manufacture, testing and racing of cars for participation in the FIA Formula One World Championship.

The Company's success is measured by its performance in the Constructors' and Drivers' World Championships and by reference to the financial parameters defined by its shareholders. The Company's strategic objectives are to optimise its performance in the Constructors' and Drivers' World Championships, and to build a team capable of competing to win both Championships within the next five years.

Formula One

2024 marked the third year of the current technical regulations, with 24 feature races and 6 sprint races over the season. The final result for 2024 was a total of 94 points meaning a 5th place finish in the Constructors' Championship for the second consecutive year.

For 2025, Fernando Alonso and Lance Stroll continue to head up our driver roster. 2025 represents the final season of the current set of technical regulations before wholesale changes to both the engine and aerodynamic regulations from 2026.

The team also took to the track in the all-female F1 Academy series for the first time in 2024, with Swiss driver Tina Hausmann, who finished 10th overall in the championship. She was supported throughout the season by Aston Martin Aramco's F1 Academy Head of Racing and Driver Ambassador, Jessica Hawkins.

Commercial

Away from the track the team continued to progress, with new partnerships contributing to a 16% increase in revenue. The majority of these partnerships are multi-year contracts showing the strength of both the Aston Martin brand and our partners helping to deliver performance both on and off-track.

Revenue is expected to continue to grow in future years as a result of exciting new arrivals for the 2025 season. These include a multi-year global partnership with Ma'aden who share a common objective with the team towards a sustainable future in line with Formula One's goal of becoming net zero by 2030 and Glenfiddich, bringing together two timeless brands renowned for their heritage, innovation and relentless pursuit of excellence.

People

In July, the Company announced that Andy Cowell would be joining as Group Chief Executive Officer, succeeding Martin Whitmarsh. Andy was previously the Managing Director of Mercedes AMG HPP during the successful V6 turbo-hybrid era where they supplied the Mercedes F1 team power units, winning both the Drivers' and Constructors' Championships for seven consecutive years. He brings with him a wealth of leadership experience that will help the team in its journey to become Formula One World Championship contenders.

The Company also announced in September that Adrian Newey would be joining the team in 2025. Adrian's unparalleled success has seen him design cars which have won 25 Formula One world titles, establishing his position as the greatest technical mind in the sport's history. Adrian will join the Group as Managing Technical Partner, and as a shareholder, demonstrating his long-term commitment to the Company's strategic objectives.

Principal activities and business review (continued)

Infrastructure and investment

Phases Two and Three of the new AMR Technology Campus were completed during 2024, delivering the first all-new headquarter building in Formula One in nearly twenty years.

To accompany the state-of-the-art production facility, unlocked through the opening of Phase One in 2023, Phase Two brought world class wellbeing facilities to the campus including a brand-new gym and staff restaurant. Also included within Phase Two is a new driver-in-loop simulator and Brand Experience centre allowing our partners to host their own events at our campus, a few hundred meters from the iconic Silverstone track. The final inclusion for Phase Two is the expansion of our non-F1 activities operated through Aston Martin Performance Technologies, bringing F1 knowledge and expertise to automotive OEM problems.

Phase Three, a state-of-the-art wind tunnel and model manufacturing facility was also finalised in 2024, with the wind tunnel expected to be fully commissioned and operational in Q1 2025.

This campus represents a world-class facility, further enhancing the Company's operational effectiveness and helping the Company's environmental ambitions with better insulation, intelligent use of natural light and solar panels helping to power the site.

In addition to the above, the Company restructured its debt during 2024 by repaying the £200m loan used to fund the AMR Technology Campus and replacing this with a $400m loan to allow for further growth and expansion as the team and the sport grows in both size and complexity.

These investments and changes across every facet of the Company is building the foundations for sustainable success in the coming years.

Turnover for the year was £281 million (2023 - £245 million) and the Company made a loss after taxation of £46 million (2023 - £30 million).

In 2025 and beyond the Company will continue with its principal activities as described above.

Principal risks and uncertainties

The management of the business and the execution of the Company's strategy are subject to several risks, which are reviewed by the board and appropriate processes put in place to monitor and mitigate them. The key business risks are as follows:

Competitive risks

The Company operates in one of the most competitive environments in the world at the pinnacle of global motorsport. A substantial proportion of the Company's revenue relates to prize money and so is directly impacted by the race results it achieves. To mitigate the risks around this uncertain revenue, the Company prepares budgets and forecasts of potential outcomes, performing regular financial reviews against these.

Legislative risks

Participation in the FIA Formula One World Championship is subject to the International Sporting Code, the current Technical, Sporting and Financial Regulations and the provisions of the 2021 Concorde Agreement or such similar agreements. The Company works with its employees, agents and advisors, as well as the FIA to ensure its compliance.

Liquidity and foreign exchange risks

The Company has issued the necessary amount of equity capital to meet its projected financial obligations and has long-term, fixed rate debt funding in place. The funding requirements of the team are closely monitored during regular financial reviews. The Company places forward contracts to manage its foreign exchange risk.

Directors' statement of compliance with duty to promote the success of the Company

Decision making

The board meet regularly to discuss key decisions that impact the future performance of the Company and the impact on key stakeholders. Examples of such key decisions include the review and approval of long-term strategic plans, short-term budgets and forecasts, major capital projects and changes to key policies as outlined in the business review above.

Engagement with key stakeholders

The following is a summary of how the Board engages with our key stakeholder groups:

Stakeholder group	Why we engage	How we engage	What matters to the group
Shareholders and potential shareholders	• Continued access to equity capital is important for the long-term success of our business. • We work to ensure that our shareholders have a good understanding of our strategy, business model and culture. • We aim to create value for our shareholders through a team that can deliver sustainable on-track and financial performance.	• Annual Report and Financial Statements • Regular and effective communications	• Long-term value creation • On-track performance • Financial stability • Culture • Transparency • Ethics and sustainability

Directors' statement of compliance with duty to promote the success of the Company (continued)

Stakeholder group	Why we engage	How do we engage	What matters to the group
Employees	• The Company's long-term aims will be achieved with the engagement of our employees to the Company's mission and values. • We are committed to creating and maintaining an inclusive working environment where employees are supported and empowered. • We believe AMR GP Limited is a great place to work and we believe that employees are at the heart of what we do and their hard work and commitment is central to achieving our objectives.	• Company Intranet • Regular staff communications • Apprenticeship programme • Staff events • Whistleblowing policy	• Fair employment • Fair pay and benefits • Diversity and inclusion • Training, development and career opportunities • Health and safety • Ethics and sustainability
Sponsors	• We aim to build long-term lasting relationships with our sponsors.	• We work with our sponsors to understand their objectives of our relationships and then deploy the necessary resources and structure to deliver against these objectives.	• Renewal of agreements • Attracting new partners to our team • Creating value for our partners
Suppliers	• Our suppliers are fundamental to the rate of our development, the reliability of our racing car and to ensuring we maintain the high standards we set ourselves. • Suppliers must demonstrate that they operate in accordance with recognised standards that uphold human rights and safety, prohibit modern slavery and promote sustainable sourcing.	• Regular performance reviews of all key supply chain partners for total reliability in product delivery	• Fair trading and payment terms • Anti-bribery • Ethics and slavery • Environment and sustainable sourcing

Directors' statement of compliance with duty to promote the success of the Company (continued)

Stakeholder group	Why we engage	How we engage	What matters to the group
Community and environment	• We are committed to creating awareness around our environmental impact and minimising our impact through proactive sustainability efforts. • We encourage employee engagement with sustainability activities. • We take active steps to engage with the community through our partners, sponsors, workforce and other stakeholders. • We promote our followers across the globe, championing careers in STEM and motorsport.	• We are proactive in our corporate responsibility to the local and wider community in which we work. • We encourage employee involvement in community projects and programmes. • We report our carbon emissions in our annual reports.	• Charitable donations and sponsorships • Energy usage • Recycling • Waste management

This report was approved by the board and signed on its behalf.

R Yeowart
Director

Date: 31.03.2025

AMR GP Limited

Directors' Report
For the Year Ended 31 December 2024

The directors present their report together with the audited financial statements for the year ended 31 December 2024.

Dividends

The Company paid no dividends during the year (2023 - £Nil).

Directors

The directors who served during the year were:

A R Indaimo
L S Strulovitch
R Yeowart

Employees

The Company is committed to ensuring its employees are fully engaged in the ongoing management and performance of the business. Regular formal and informal briefings are conducted with all employees.

The Company takes reasonable steps to ensure that all employees, existing and prospective, are given fair and equal opportunity regardless of sex, race, ethnicity, religion or disability.

Research and development activities

The R&D activities of the Company are all dedicated towards the design and development of a car to compete successfully in the FIA Formula One World Championship. The directors consider the investment in research and development to be integral to the continued success of the Company. As a research and development business, the Company qualifies for the UK's Research and Development Expenditure Credit (RDEC) and are therefore entitled to claim special tax credits deductions for investing in qualifying assets or in relation to qualifying expenditure.

Disabled employees

The Company's policy is to give all applications for employment from disabled persons full and fair consideration in relation to the vacancy concerned and their own aptitude and abilities. In the event of existing staff members becoming disabled, every effort is made to enable them to maintain their present position or to provide appropriate training and employ them in suitable work within another department.

Training, career development and promotion of disabled persons employed by the Company is considered and administered in the same manner as for other employees, taking into account any additional support requirements of those persons.

Relationships with suppliers, customers and others

We aim to build strong customer relationships which is proven by our growth in partners and the willingness of key sponsors to extend contracts with us. The rapid growth in the Non-F1 side of the Group also shows the faith that customers have in our ability to deliver solutions to the problems they face away from F1.

Our supply chain is critical to us delivering to time throughout the season. We aim to develop effective supplier relationships and pay to agreed terms. We review new suppliers to ensure that they align to the same values and standards that we hold ourselves to.

Going concern

The Company meets its day-to-day working capital requirements through the use of loans, shareholder funding and operating cash flows.

After making suitable enquiries of management and reviewing cashflow forecasts, the directors have formed a judgement that as at the date of approving the financial statements, there are adequate resources to continue in existence for the foreseeable future, which under UK generally accepted accounting principles means at least 12 months from the date the financial statements are signed which is expected to be until 31 March 2026.

The directors have considered the Company's financial position along with forecast cashflows and have concluded that it is appropriate to prepare the financial statements on a going concern basis.

Qualifying third party indemnity provisions

The Company maintains directors' and officers' liability insurance providing appropriate cover for any legal action brought against its directors.

Streamlined Energy and Carbon Reporting

The Company's SECR disclosures are included in those of the Company's ultimate parent company, Racing Point UK Holdings Limited

Environmental considerations

Our Commitment
Since Aston Martin's return to Formula One® in 2021, a commitment to ESG has been at the heart of everything the Company does. Success is not only measured on track but also in the ability to effect positive change as a team, as well as within the local communities and wider environment.

The Company's Make A Mark strategy is made up of three pillars: Sustainability, We Belong & Community. The Group track and report our progress against these pillars to ensure we are making a lasting positive impact and contributing to the UN Sustainable Development Goals.

Our Mission
Our mission is to drive positive progress for our people and our planet – underpinned by passion, accountability, and respect. We measure the Company's performance by influencing change within the team, communities, and environment, along with our ability to encourage others to do the same.

Our Approach
The Company is committed to being environmentally and socially accountable, consistently basing its actions on principles focused on making a positive social impact and protecting the planet. The Company creates a culture of sustainability where diversity and equality thrive, and the people and partners make a difference both on and off the track, inspiring others to make a mark.

Disclosure of information to auditor

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

The auditor, BDO LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board and signed on its behalf.

Directors' Responsibilities Statement
For the Year Ended 31 December 2024

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company & Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent Auditor's Report to the Members of AMR GP Limited

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2024 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of AMR GP Limited ("the Company") for the year ended 31 December 2024 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the Annual Report and Financial Statements, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other Companies Act 2006 reporting

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Extent to which the audit was capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Non-compliance with laws and regulations

Based on:

- Our understanding of the Company and the industry in which it operates;
- Discussion with management and those charged with governance
- Obtaining and understanding of the Company's policies and procedures regarding; and compliance with laws and regulations

we considered the significant laws and regulations to be the applicable accounting framework and UK tax legislation.

The Company is also subject to laws and regulations where the consequence of non-compliance could have a material effect on the amount or disclosures in the financial statements, for example through the imposition of fines or litigations.

Our procedures in respect of the above included:

- making enquiries of management and reviewing minutes of the board of Directors in order to identify any instances of fraud or non-compliance with laws and regulations;
- Review of correspondence with tax authorities for any instances of non-compliance with laws and regulations;
- Review of financial statement disclosures and agreeing to supporting documentation;
- Involvement of tax specialists in the audit; and
- Review of legal expenditure accounts to understand the nature of expenditure incurred.

Fraud

We assessed the susceptibility of the financial statements to material misstatement, including fraud. Our risk assessment procedures included:

- Enquiry with management and those charged with governance regarding any known or suspected instances of fraud;
- Obtaining an understanding of the Company's policies and procedures relating to:
    - Detecting and responding to the risks of fraud; and
    - Internal controls established to mitigate risks related to fraud.
- Review of minutes of meeting of those charged with governance for any known or suspected instances of fraud;
- Discussion amongst the engagement team as to how and where fraud might occur in the financial statements;
- Performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud; and
- Considering remuneration incentive schemes and performance targets and the related financial statement areas impacted by these.

Independent Auditor's Report to the Members of AMR GP Limited (continued)

Based on our risk assessment, we considered the areas most susceptible to fraud to be management override of controls and Revenue.

Our procedures in respect of the above included:

- Identifying and testing journal entries to supporting documentation, in particular any journal entries to revenue not in line with expectations and reviewing journal entries for journals inconsistent with the usual transactions of the Company.
- Agreeing a sample of revenue to underlying contracts and/or other third-party documentation to ensure they are recorded at the correct time and to the correct amount.
- Agreeing a sample of revenues to cash receipts.
- Reviewing transactions pre and post year end to check that the associated revenue is reflected in the correct period.
- Identifying and testing material manual journal entries to revenue
- Assessing significant estimates made by management for bias or judgement that represented a risk of material misstatement due to fraud. In particular we have considered in respect of revenue recognition, including accrued and deferred revenue, and recoverability of trade and other receivable.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members who were all deemed to have appropriate competence and capabilities and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1. General information

The Company is a United Kingdom private company limited by shares. It is both incorporated and domiciled in England and Wales. The registered office address is Aston Martin Formula One Team, Silverstone, Towcester, Northamptonshire, United Kingdom, NN12 8TJ.

These financial statements are presented for the year ended 31 December 2024.

The Company has determined that Pounds Sterling (GBP) is its functional currency, as this is the currency of the economic environment in which the Company predominantly operates and the majority of the Company's cost base. These financial statements are presented in GBP and are presented to the nearest thousand pounds.

The principal activity of the Company during the year was the design and development of Formula One cars and operation of a Formula One racing team.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The Company has taken exemption under s.400 of the Companies Act 2006 from preparing consolidated accounts, as it is included in the group accounts of Racing Point UK Holdings Limited.

The following principal accounting policies have been applied:

2.2 Financial Reporting Standard 102 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A; and
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Racing Point UK Holdings Limited as at 31 December 2024 and these financial statements may be obtained from 5 St James's Square, London, SW1Y 4JU.

2. *Accounting policies (continued)*

2.3 Going concern

The Company meets its day-to-day working capital requirements through the use of loans, shareholder funding and operating cash flows.

After making suitable enquiries of management and reviewing cashflow forecasts, the directors have formed a judgement that as at the date of approving the financial statements, there are adequate resources to continue in existence for the foreseeable future, which under UK generally accepted accounting principles means at least 12 months from the date the financial statements are signed which is expected to be until 31 March 2026.

The directors have considered the Company's financial position along with forecast cashflows and have concluded that it is appropriate to prepare the financial statements on a going concern basis.

2.4 Foreign currency translation

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income.

Foreign exchange gains and losses are presented in the Statement of Comprehensive Income within administrative expenses.

2. Accounting policies (continued)

2.5 Turnover

Turnover, which excludes value added tax and trade discounts, represents sponsorship income, prize money and other income relating to the Company's principal activity and is recognised in the period to which it relates once collectability is reasonably assured.

Both sponsorship and prize money are recognised on an accruals basis across the period in which it relates to.

In certain cases, the Company enters into agreements with suppliers whereby goods and services are received in exchange for various sponsorship and marketing activities. In such cases turnover is recorded at the fair value of the goods or services rendered. Where these amounts cannot be reliably estimated, no revenue is recognised.

Prize money in relation to performance in the Constructors' Championship is based on performance in the preceding season. This revenue is recognised across the period of the Constructors' Championship. Other commercial rights revenue is recognised as the respective rights are delivered to the customer.

2.6 Operating leases: the Company as lessee

Rentals paid under operating leases are charged to the Statement of Comprehensive Income on a straight-line basis over the lease term.

2.7 Leased assets: the Group as lessee

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the Group. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to profit or loss so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

2.8 Interest income

Interest income is recognised in the Statement of Comprehensive Income using the effective interest method.

2.9 Finance and borrowing costs

Finance costs are recognised over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

Where borrowing costs are directly attributable to the acquisition, construction or production of a qualifying asset such costs are capitalised as part of the cost of that asset. All other borrowing costs are recognised in the Statement of Comprehensive Income in the year in which they are incurred.

2. Accounting policies (continued)

2.10 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in the Statement of Comprehensive Income when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the Company in independently administered funds.

2.11 Taxation

Tax is recognised in the Statement of Comprehensive Income except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

2.12 Government grants

A government grant is assistance by government in the form of a transfer of resources to an entity in return for past or future compliance with specified conditions relating to the operating activities of the entity.

The Company classifies grants either as grants relating to revenue or grants relating to assets intended to compensate.

Grants relating to revenue are recognised in income on a systematic basis over the periods in which the group recognises the related costs for which the grant is intended to compensate.

Grants relating to assets are recognised in income on a systematic basis over the expected useful life of the asset.

2. Accounting policies (continued)

2.13 Heritage assets

Heritage assets are stated at cost less accumulated impairment losses. Cost includes any costs that are directly attributable to bringing the asset to its working condition for its intended use.

Historic cars and related assets have an indefinite life and therefore are not depreciated.

The group also has a collection of racing memorabilia, including trophies and helmets, which the Directors have not sought to value and are therefore not recognised on the balance sheet.

2.14 Intangible assets

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

At each reporting date the Company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised where the carrying amount exceeds the recoverable amount.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

The estimated useful lives range as follows:

Intellectual property	2 years
Computer software	2 years
Assets under construction	not amortised

2.15 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives.

Depreciation is provided on the following basis:

Freehold buildings	- Between 3% and 33% straight line
Assets under construction	- not depreciated
Plant and machinery	- between 20% and 50% straight line or over the length of the lease
Motor vehicles	- between 20% and 50% straight line
Historic cars and memorabilia	- not depreciated
Computer equipment	- 50% straight line

Freehold land is not depreciated.

2. Accounting policies (continued)

2.15 Tangible fixed assets (continued)

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Consolidated Statement of Comprehensive Income.

Racing cars have an expected life of no more than one year and all expenditure on the production and maintenance of such cars is charged to the Consolidated Statement of Comprehensive Income during the racing season in which the racing car is used.

2.16 Impairment of fixed assets

At each reporting date non-financial assets not carried at fair value are assessed to determine whether there is an indication that the asset (or asset's cash generating unit, CGU) may be impaired. If there is such an indication the recoverable amount of the asset (or asset's CGU) is compared to the carrying amount of the asset (or asset's CGU). The recoverable amount of the asset (or asset's cash generating unit) is the higher of the fair
value less costs to sell and value in use.

If the recoverable amount of the asset (or asset's cash generating unit) is estimated to be lower than the carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognised in the statement of comprehensive income. If an impairment loss is subsequently reversed, the carrying amount of the asset (or asset's cash generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the revised carrying amount does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised in prior periods. A reversal of an impairment loss is recognised in the statement of comprehensive income.

2.17 Valuation of investments in equity instruments

Investments in equity instruments are measured at cost on recognition and are revalued at each year end with any gain or loss being taken to the Statement of Comprehensive Income.

2.18 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a average cost basis. Work in progress and finished goods include labour and attributable overheads.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its scrap value less costs to scrap. The impairment loss is recognised immediately in the Statement of Comprehensive Income.

2.19 Debtors

Short term debtors are measured at transaction price, less any impairment.

2. Accounting policies (continued)

2.20 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.21 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.22 Provisions for liabilities

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the Consolidated Statement of Comprehensive Income in the year that the Group becomes aware of the obligation, and are measured at the best estimate at the reporting date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Statement of Financial Position.

2.23 Financial instruments

The Company enters into financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and trade and other creditors, loans from third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method.

Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

2.23 Financial instruments (continued)

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Derivatives, including forward foreign exchange contracts, are not basic financial instruments. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in the Statement of Comprehensive Income in finance costs or income as appropriate where it is material to do so. The Company does not currently apply hedge accounting for foreign exchange derivatives.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

In preparing the financial statements, management is required to make estimates and assumptions which affect reported income, expenses, assets, liabilities and disclosure of contingent assets and liabilities. Use of available information and application of judgement are inherent in the formation of estimates, together with past experience and expectations of future events that are believed to be reasonable under the circumstances. Actual results in the future could differ from such estimates.

The directors consider the following areas to involve considerable degree of estimation uncertainty:

Government Grants
As a research and development business, AMR GP Limited qualifies for the UK's Research and Development Expenditure Credit (RDEC) and are therefore entitled to claim special tax credits deductions for investing in qualifying assets or in relation to qualifying expenditure.

In the Company's financial statements, Research and development tax credits are treated as grant income (as per section 24 of FRS 102) and recognised in profit and loss as other operating income (see note 5).

During the year the company incurred £125.9m of costs associated with research and development (2023: - £108.0m). The Company makes use of professional advisors with expertise in the field to ensure that any claims submitted are based on an appropriate methodology, compliant with the scheme's guidelines and materially correct.

Included within Other debtors (Note 18) are amounts outstanding from HMRC in relation to current and prior year R&D Tax credit claims. Having sought professional advice, the Company is confident in recovering the outstanding balances and is following due process with HMRC.

3. Judgements in applying accounting policies and key sources of estimation uncertainty (continued)

Research and development tax credit is treated as grant income per section 24 of FRS 102 and recognised as other income in the Profit and loss account. Any withheld portion to be treated as Deferred tax asset and to be offset against future taxable profits.

Research expenditure is recognised to the profit and loss account in the period it is incurred, net of a provision for any amount where recoverability is uncertain. Development expenditure is capitalised only where there is a clearly defined project, the expenditure is separately identifiable, the outcome of the project can be assessed with reasonable certainty, aggregate costs are not expected to exceed related future sales, and adequate resources exist to enable the project to be completed.

4. Turnover

Turnover represents sponsorships, prize money and other income relating to the Company's principal activity. All turnover is attributable to one continuing activity, being the design, development and operation of a Formula One team.

All turnover arose within the United Kingdom and from F1 activities.

5. Other operating income

	2024 £000	2023 £000
Other operating income	**23,050**	19,462

Included within other operating income is UK Government grants.

6. Operating loss

The operating loss is stated after (crediting)/charging:

	2024 £000	2023 £000
Exchange differences	**5,687**	2,238
Operating lease rentals	**2,341**	4,178
Depreciation	**12,426**	6,668
Amortisation	**504**	1,105
Profit on disposal of fixed assets	**(630)**	(368)

During the year Company incurred £125.9m (2023 - £108.0m) of costs associated with research and development.

7. Auditor's remuneration

	2024 £000	2023 £000
Fees payable to the Company's auditor		
Audit of the Company's annual financial statements	**215**	180
Taxation services	**60**	50
Tax consultancy and other advisory services	**475**	340

8. Employees

Staff costs were as follows:

	2024 £000	2023 £000
Wages and salaries	**60,184**	44,456
Social security costs	**7,123**	5,615
Costs of defined contribution scheme	**2,533**	1,881
	69,840	51,952

The average monthly number of employees, including the directors, during the year, was as follows:

	2024 £000	2023 £000
Administration	**172**	102
Design, production and technical	**673**	549
	845	651

9. Directors' remuneration

The directors received no remuneration from the Company in the year ended 31 December 2024 (2023 - £Nil).

10. Interest receivable and similar income

	2024 £000	2023 £000
Bank interest receivable	**1,651**	922
	1,651	922

11. Interest payable and similar expenses

	2024 £000	2023 £000
Loan interest payable	**14,485**	4,544
Refinancing costs	**11,915**	-
Finance leases and hire purchase contracts	**620**	-
	27,020	4,544

Refinancing costs consist of fees associated with the termination of the previous loan as part of a refinancing exercise during the year.

12. Taxation

	2024 £000	2023 £000
Deferred tax	**6,175**	4,404
Taxation on loss on ordinary activties	**6,175**	**4,404**

Factors affecting tax charge for the year

The tax assessed for the year is higher than (2023 - higher than) the standard rate of corporation tax in the UK of 25% (2023 - 23.5%). The differences are explained below:

	2024 £000	2023 £000
Loss on ordinary activities before tax	**(39,618)**	(25,301)
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 25% (2023 - 23.5%)	**(9,905)**	(5,951)
Effects of:		
Expenses not deductible for tax purposes, other than goodwill amortisation and impairment	**9,385**	7,883
Capital allowances for year in excess of depreciation	**81**	257
Non-taxable income	**-**	-
Additional deduction for R&D expenditure	**-**	-
Capital gains	**22**	-
Other permanent differences	**5**	17
Deferred tax not recognised	**5,106**	1,101
Group relief surrendered	**1,481**	1,097
Total tax charge for the year	**6,175**	4,404

The company had trading losses carried forward of £87m at 31 December 2024 (2023 - £85m). The total deferred tax asset that has been recognised in 2024 is £Nil (2023 - £Nil). This balance is derived from a liability for fixed asset timing differences of £11.4m and a liability for capital gains of £0.1m, offset by the recognition of an asset in relation to losses of £0.9m and other short-term differences of £10.6m.

13. Intangible assets

	Assets under construction £000	Intellectual property £000	Computer Software £000	Total £000
Cost				
At 1 January 2024	-	21,492	12,657	34,149
Additions	5,089	-	-	5,089
Disposals	-	-	(256)	(256)
Transfers between classes	(659)	-	659	-
At 31 December 2024	4,430	21,492	13,060	38,982
Amortisation				
At 1 January 2024	-	21,492	12,113	33,605
Charge for the year	-	-	504	504
Disposals	-	-	(256)	(256)
At 31 December 2024	-	21,492	12,361	33,853
Net book value				
At 31 December 2024	4,430	-	699	5,129
At 31 December 2023	-	-	544	544

The amortisation for the year has been charged to administrative expenses.

Included within Assets under construction during the year was £0.5m (2023 - £Nil) of internal development costs.

14. Tangible fixed assets

	Freehold land and buildings £000	Assets under construction £000	Plant and machinery £000	Motor vehicles £000	Historic Cars and memorabilia £000	Computer equipment £000	Total £000
Cost or valuation							
At 1 January 2024	87,854	98,768	20,354	6,116	261	9,596	222,949
Additions	-	83,939	-	-	-	-	83,939
Disposals	(4,609)	-	(3,137)	-	-	(5,561)	(13,307)

At 31 December 2024	117,858	120,482	33,766	6,391	-	14,824	293,321
Depreciation							
At 1 January 2024	6,682	-	12,932	5,048	-	7,286	31,948
Charge for the year	2,740	-	6,555	833	-	2,299	12,426
Disposals	(4,609)	-	(2,483)	-	-	(5,561)	(12,653)
At 31 December 2024	4,813	-	17,004	5,881	-	4,024	31,721
Net book value							
At 31 December 2024	113,045	120,482	16,762	510	-	10,800	261,600
At 31 December 2023	81,172	98,768	7,422	1,068	261	2,310	191,001

14. Tangible fixed assets (continued)

The depreciation charge for the year has been charged to administrative expenses.

Included within Assets under construction is £11.3m (2023: £31.1m) of capitalised borrowing costs capitalised during the year.

As at the 31 December 2024 the Company was committed to capital expenditure of £18.7m (2023: £57.4m) relating to development of the AMR Technology Campus.

Included within Assets under construction during the year was £0.8m (2023 - £Nil) of internal development costs.

The net book value of assets under finance leases or hire purchase contracts, included above, are as follows:

	2024 £000	2023 £000
Computer equipment	1,421	-
Plant and machinery	3,948	-

15. Heritage assets

Group

	Historic cars and related assets £000
Cost and net book value	
At 1 January 2024	-
Additions	-
Disposals	-
Transfer between classes	261
At 31 December 2024	261

16. Fixed asset investments

	Listed investments £000
Cost or valuation	
At 1 January 2024	-
Changes in market value	355
At 31 December 2024	355

17. Stocks

	2024 £000	2023 £000
Raw materials	3,047	3,164
Consumables and finished goods	5,036	5,690
Work in progress	969	1,042
	9,052	9,896

18. Debtors: amounts falling due within one year

	2024 £000	2023 £000
Trade debtors	6,465	10,286
Other debtors	38,460	25,085
Prepayments and accrued income	21,241	17,176
	66,166	52,547

Included within Other debtors are amounts outstanding from HMRC in relation to current and prior year R&D Tax credit claims (see Note 3).

19. Cash and cash equivalents

	2024 £000	2023 £000
Cash at bank and in hand	42,018	78,773

20. Creditors: amounts falling due within one year

	2024 £000	2023 £000
Trade creditors	**17,940**	26,751
Amounts owed to group undertakings	**90,619**	75,442
Other taxation and social security	**2,351**	2,533
Obligations under finance lease and hire purchase contracts	**4,366**	-
Other creditors	**571**	467
Accruals and deferred income	**63,343**	65,390
	179,190	170,583

Obligations under finance lease and hire purchase contracts are secured on the assets to which they relate.

Amounts owed to group undertakings are interest free, unsecured and repayable on demand.

21. Creditors: amounts falling due after more than one year

	2024 £000	2023 £000
Loans	**311,923**	220,777
Obligations under finance lease and hire purchase contracts	**1,126**	-
	313,049	220,777

During the year the company went through a refinancing exercise, resulting in the repayment of the previous loan which has been replaced with a 10 year agreement to borrow $400m at a fixed rate of 10% interest. The facility has a fixed and floating charge over all current and future assets of AMR GP Limited (and associated group companies) including a share charge in favour of the lender by all of the group companies.

22. Loans

Analysis of the maturity of loans is given below:

	2024 £000	2023 £000
Amounts falling due within 2-5 years		
Loans	-	220,777
	-	220,777
Amounts falling due within 5-10 years		
Loans	311,923	-
	311,923	-

23. Hire purchase and finance leases

Minimum lease payments under hire purchase fall due as follows:

	2024 £000	2023 £000
Within one year	4,366	-
	4,366	-
Amounts falling due within 2-5 years	1,126	-
	1,126	-

During the year the Company entered into multiple finance lease obligations to hire plant and machinery for the manufacturing of parts for racing cars.

24. Financial instruments

	2024 £000	2023 £000
Financial assets		
Financial assets measured at fair value through profit or loss	**42,373**	78,773
Financial assets that are debt instruments measured at amortised cost	**57,860**	45,520
	100,233	124,294
Financial liabilities		
Financial liabilities measured at amortised cost	**(445,705)**	(348,782)

Financial assets measured at fair value through profit or loss comprise cash at bank and in hand.

Financial assets that are debt instruments measured at amortised cost comprise trade debtors, other debtors and accrued income.

Financial liabilities measured at amortised cost comprise bank loans, trade creditors, amounts owed to group undertakings, obligations under finance lease and hire purchase contracts, other creditors and accruals.

Financial instruments at fair value
As at the Statement of Financial Position date the Company has entered into a number of Forward currency options to sell $221m and buy €10m on which the Company would have had a loss of £3,658,000 (2023 - £766,000) if these had been fair valued and recognised in the Statement of Financial Position as at 31 December 2024.

25. Provisions

	Total £000
At 1 January 2024	**3,492**
Released during the year	**(3,266)**
At 31 December 2024	**226**

At 31 December 2024 included within provisions are amounts related to dilapidations incurred in the normal course of business for rental properties.

26. Share capital

	2024 £000	2023 £000
Allotted, called up and fully paid

In the event the Company is wound up, or there is a significant asset sale, the shareholders receive pro rata the distributions. In the event that there is a full exit or winding up one shareholder has a liquidation preference, following which the other shareholders will receive their pro rata return.

27. Capital and reserves

Share capital

Share capital represents the nominal value of the shares issued.

Share premium account

Share premium account represents amounts received on the issue of ordinary share capital in excess of the nominal value net of transaction costs.

Profit and loss account

Profit and loss account represents retained earnings and accumulated losses of the Company.

28. Pension commitments

The Company operates a defined contributions pension scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund. The pension cost charge represents contributions payable by the Company to the fund and amounted to £2,533,000 (2023 - £1,150,000). Contributions totalling £550,000 (2023 - £436,000) were payable to the fund at the reporting date and are included in creditors.

29. Commitments under operating leases

At 31 December 2024 the Company had future minimum lease payments due under non-cancellable operating leases for each of the following periods.

	2024 £000	2023 £000
Not later than 1 year	**598**	4,898
Later than 1 year and not later than 5 years	**412**	631
	1,010	5,529

30. Related party transactions

The Company has taken exemption under FRS 102 section 33.1A from disclosing transactions with group companies, on the grounds that each company party to the transactions is wholly owned within the Group.

The Company has entered into contracts with Golden Eagle Racing Limited, a company through which Mr Lance Stroll, the son of a director, provides racing services. For the current year a net expense of US$12,300,000 (2023 - US$5,608,000) was incurred in respect of the provision of these services.

In addition the Company recognised sponsorship income of US$500,000 (2023 - US$500,000) from Golden Eagle Racing Limited during the year.

At 31 December 2024, a net balance of US$Nil (2023 - US$1,224,000) was owed by the Company to Golden Eagle Racing Limited.

During the year, the Company incurred net travel and personnel costs of £60,000 (2023 - £Nil) in the normal course of business, with businesses which are related due to a director having significant influence. No amounts remained outstanding at the year end. These costs were accrued in 2023 and had no impact on the profit and loss account in the period.

During the year, the Company received net income amounting to £21,154,000 (2023 - £27,752,000) in the normal course of business from the Aston Martin Lagonda Global Holdings PLC (Aston Martin) Group, a Group that a director of the Company has significant influence over as Executive Chairman. At 31 December 2024 a net balance of £532,000 (2023 - £700,000) was due from (2023 - due to) AMR GP Limited.Under the terms of the sponsorship agreement Aston Martin is required to provide one fleet vehicle to each racing driver free of charge. This arrangement is expected to continue for the life of the contract and is not expected to materially affect the financial position and performance of the Company. One of the racing drivers is an immediate family member of one of the Company's key management personnel.

31. Ultimate parent and controlling party

The immediate parent company is AMR Performance Group Limited, a company incorporated in England and Wales.

The smallest group for which consolidated financial statements are prepared is AMR GP Holdings Limited. The largest group for which consolidated financial statements are drawn up is Racing Point UK Holdings Limited. These group accounts are available from the ultimate UK parent undertaking at 5 St James's Square, London, SW1Y 4JU.

The ultimate controlling party is considered to be Mr Lawrence Strulovitch.
